Laser & Aesthetic Skin Therapy: What’s the Truth?

NOV. 3-4, 2017 | Seaport Hotel & World Trade Center, Boston, Massachusetts USA
TWELFTH ANNUAL MEETING

Laser & Aesthetic Skin Therapy: What’s the Truth?

NOV. 3-4, 2017 SEAPORT HOTEL & WORLD TRADE CENTER, BOSTON, MA

PHYSICIANS CAN RELY ON THIS PROGRAM FOR THE LATEST ADVANCES AND TECHNIQUES IN LASER AND AESTHETIC SKIN THERAPY

More than 30 interactive lectures, live patient demonstrations, simulated patient encounters, and question-and-answer sessions led by world-renowned experts. Topics include:

- Laser safety
- Complications and legal issues in aesthetics
- Aging skin
- Vascular lesions, rosacea, rhytides
- Tattoo removal
- Melasma
- Sclerotherapy and endovenous ablation
- Pan-facial rejuvenation
- Tissue tightening
- Acne and photodynamic therapy
- Laser hair stimulation
- Non-invasive fat removal
- Non-ablative fractional resurfacing
- Ablative fractional resurfacing
- Botulinum toxins and soft tissue fillers
- Hair removal and transplantation
- Lasers and ethnic skin
- Treatment of scars

UNDER THE LEADERSHIP OF:
R. Rox Anderson, MD, and Mathew M. Avram, MD, JD

EARN UP TO:
16.75 AMA PRA Category 1 Credits™ or ECMECs®
1.5 Risk Management Credits

Register at LaserSkinTherapyBoston.com
Staying current with the rapid advances in laser and aesthetic skin therapy is an increasingly important challenge for physicians. Our patients’ demand for such services has resulted in the need to be better educated and trained in safe and effective practices. At present, few non-industry-sponsored meetings exist for those who practice laser and aesthetic skin therapies. This highly rated course will emphasize new techniques and technologies, along with clinical endpoints and laser safety, while also critically evaluating current treatment practices—all free of commercial exhibits from industry.

You will leave this course with an understanding of new laser treatment paradigms and emerging technologies, and get a glimpse into the future of this cutting-edge field with exciting talks given by world-renowned experts. This will be a critical, well-informed, clinically relevant course that highlights proper patient evaluation and aesthetic technique.

The following problems and techniques will be addressed:

- Aging skin
- Vascular lesions and rosacea
- Wrinkles
- Tattoos and pigmented lesions
- Acne and photodynamic therapy
- Laser hair stimulation
- Leg veins
- Non-invasive fat removal
- Non-ablative fractional resurfacing
- Ablative fractional resurfacing
- Botulinum toxins
- Soft tissue fillers
- Hair removal and transplantation
- Lasers and ethnic skin
- Complications and legal issues in aesthetics
- Treatment of scars
- New! Ask Me Anything: The merits of lasers, light sources, energy-based devices and injectables

Who Should Attend?
- Dermatologists
- Plastic surgeons
- Ophthalmologists
- Head and neck surgeons
- Primary care physicians

Learning Objectives
At the end of this course, you will be able to:
- Identify safe practices of laser surgery therapy and its role in clinical practice.
- Evaluate potential complications and mistakes when using lasers for aesthetic procedures.
- Outline appropriate treatment modalities and duration of action required for laser and dermal filler injections that minimize complications and deliver optimal patient outcomes.
- Assess the risks and benefits involved in performing dermal filler injections.
- Analyze controversies in the field of laser surgery and aesthetic skin therapy.
- Summarize new and emerging technologies for laser surgery and aesthetic skin therapy treatment.

General Information

ACCREDITATION
The Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Harvard Medical School designates this live activity for a maximum of 16.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CANADIAN ACCREDITATION
The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

EUROPEAN ACCREDITATION
Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert AMA PRA Category 1 Credits™ to an equivalent number of European CME Credits® (ECMECs®). Information on the process of converting AMA PRA Category 1 Credits™ to ECMECs® can be found at: www.eaccme.eu.

RISK MANAGEMENT
This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 1.5 credits of Risk Management Study. Please check with your individual state licensing board requirements before claiming risk management credit(s).

ACGME COMPETENCIES
This course is designed to meet one or more of the following Accreditation Council for Graduate Medical Education competencies: patient care and procedural skills, medical knowledge and practice-based learning and improvement.

IOM COMPETENCIES
This course is designed to meet one or more of the following Institute of Medicine competencies: provide patient-centered care, employ evidence-based practice, apply quality improvements and utilize informatics.

DISCLOSURE POLICY
Harvard Medical School (HMS) adheres to all ACCME Essential Areas, Standards and Policies. It is HMS’s policy that those who have influenced the content of a CME activity (e.g., planners, faculty, authors, reviewers and others) disclose all relevant financial relationships with commercial entities so that HMS may identify and resolve any conflicts of interest prior to the activity. These disclosures will be provided in the activity materials along with disclosure of any commercial support received for the activity. Additionally, faculty members have been instructed to disclose any limitations of data and unlabeled or investigational uses of products during their presentations.

DISCLAIMER
CME activities sponsored by Harvard Medical School are offered solely for educational purposes and do not constitute any form of certification of competency. Practitioners should always consult additional sources of information and exercise their best professional judgment before making clinical decisions of any kind.

Fees shown in USD. Your tuition includes all breakfasts, coffee breaks and lunches, and complimentary Internet access. All attendees will receive a comprehensive syllabus printed in full color.
PAYMENT, CONFIRMATION AND REFUND POLICY
You may register by credit card (Visa, MasterCard or American Express) or check using Harvard Medical School’s secure online registration system at www.LaserSkinTherapyBoston.com. A processing fee of $5 (USD) will be assessed per transaction. Upon receipt of your paid registration, an email confirmation from the HMS-DCE office will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation and certificate. Refunds, less an administrative fee of $150, will be issued for all cancellations received two weeks before the start of the course. Refund requests must be received by postal mail, email or fax. No refunds will be issued should cancellation occur less than two weeks before. “No shows” are subject to the full course fee, and no refunds will be issued once the conference has started.

COURSE LOCATION
All sessions for this activity will be held at:
The Seaport Hotel & World Trade Center
One Seaport Lane
Boston, MA 02210
Tel: 617-385-4000
www.seaportboston.com

ACCOMMODATIONS AND TRAVEL
A limited number of rooms have been reserved at the Seaport Hotel. Please call 617-385-4000 or 1-877-SEAPORT and specify that you are attending the HMS Laser & Aesthetic Skin Therapy course to take advantage of the reduced group rate of $299 single/double. This rate is available on a first-come, first-serve basis until Oct. 6, 2017.

Please do not make non-refundable airline reservations until you have received an email from our office confirming your paid registration.

INQUIRIES
By phone at 617-384-8600, Monday-Friday, 9 AM to 5 PM (EST), or by email at: ceprograms@hms.harvard.edu.

Why Attend?
Practitioners from around the world attend this unique course to ensure they are current with state-of-the-art clinical practices and skills, including:

- Optimizing approaches for comprehensive rejuvenation
- Understanding the evolving concepts and treatment of scars
- Improving outcomes for site-specific rejuvenation
- Individualizing multifaceted approaches to integrating use of energy-based devices and injectables
- Understanding device-based treatment of fat and cellulite, as well as its complications
- Navigating complications and legal issues
- Practicing laser safety for patient and provider

LASER AND AESTHETIC BASICS: PRIMER COURSE

7:30am – 7:35am
Introduction and Welcome
R. Rox Anderson, MD
Mathew M. Avram, MD, JD

7:35am – 8:10am
Laser-Skin Interactions: Clinical Applications and Best Practices
R. Rox Anderson, MD

8:10am – 8:25am
Laser Safety 101: A Comprehensive Primer**
Suzanne L. Kilmer, MD

8:25am – 9:00am
Types of Lasers and Light Sources: Does One Size Fit All?
E. Victor Ross, MD

9:00am – 9:20am
Ask the Experts: Questions and Discussion

9:20am – 9:45am
Refreshment Break

9:45am – 10:00am
Achieving Better Outcomes for Patients with Rosacea and Telangiectasia
Roy G. Geronemus, MD

10:00am – 10:15am
State-of-the-Art Approaches to Laser Tattoo Removal
Mathew M. Avram, MD, JD

10:15am – 10:30am
Laser Hair Removal: What You Need to Know
Eric F. Bernstein, MD

10:30am – 10:50am
Pigmented Lesions and Photoaging: New Strategies and Treatment Options
Suzanne L. Kilmer, MD

10:50am – 11:15am
Treatment of Rhytides
E. Victor Ross, MD

11:15am – 12:00pm
Ask the Experts: Questions and Discussion

12:00pm – 1:00pm
Lunch Break

FOCUS ON REJUVENATION: NON-ABLATIVE, ABLATIVE AND FRACTIONAL TECHNOLOGIES: WHERE DO WE STAND?

1:00pm – 1:30pm
Non-Ablative and Ablative Fractional Resurfacing: How to Combine Multiple Devices to Achieve the Best Clinical Results
Mathew M. Avram, MD, JD

1:30pm – 1:45pm
Ablative Resurfacing: New Techniques with an “Old” Technology
Suzanne L. Kilmer, MD

1:45pm – 2:00pm
Tissue Tightening: What’s the Truth?
E. Victor Ross, MD

MEDICAL APPLICATIONS OF LASER AND LIGHT SOURCES

2:00pm – 2:40pm
Surgical, Laser and Other Treatments of Scars: New Advances Transforming the Way We Treat Scars
Jill S. Waibel, MD
Matthias B. Donelan, MD

2:40pm – 3:10pm
Refreshment Break

3:10pm – 3:30pm
Research and Treatment: Advances in Hemangiomas and Port-Wine Stains
J. Stuart Nelson, MD, PhD

3:30pm – 3:45pm
Lasers for the Treatment of Basal Cell Carcinoma: A New Standard Treatment for the Most Common Skin Cancer
Arisa Ortiz, MD

3:45pm – 3:55pm
Treatment of Pigmented Lesions in Asian Patients: How to Optimize Your Results
Henry H.L. Chan, MD, PhD, FRCP

3:55pm – 4:20pm
Sclerotherapy and Endovenous Ablation: Update
Jill S. Waibel, MD

4:20pm – 4:45pm
Incorporating Fractional Drug Delivery into Your Daily Practice
Jill S. Waibel, MD

4:45pm – 5:00pm
Cosmeceuticals: Miracle or Myth
Molly Wanner, MD, MBA

5:00pm – 5:30pm
Video Demonstrations: Clinical Innovation and Cutting-Edge Treatment – Part I
Faculty

5:30pm – 6:00pm
Ask the Experts: Questions and Discussion
7:00am – 7:30am
Continental Breakfast

7:30am – 8:10am
Clinical Challenges: Treatment of Melasma and Treatment of Skin of Color
Arielle N.B. Kauvar, MD
Omar A. Ibrahimi, MD, PhD

8:10am – 8:50am
Treatments for Non-invasive Fat Removal and Cellulite: Laser, Cooling, Ultrasound, Radiofrequency, Controlled Subcision and Injectables
Mathew M. Avram, MD, JD

8:50am – 9:10am
Advances in Hair Restoration: Surgery, Robots, Platelet-Rich Plasma: What’s the Truth?
Marc R. Avram, MD

9:10am – 9:30am
Refreshment Break

9:30am – 9:45am
Lasers, Cryolysis and Nanoparticles for Acne: The Coming Revolution in How We Treat Acne
Fernanda H. Sakamoto, MD, PhD
H. Ray Jalian, MD

9:45am – 9:55am
Photodynamic Therapy: New Strategies to Enhance Patient Outcomes
Merete Haedersdal, MD, PhD, DMSc

9:55am – 10:15am
Pan-Facial Rejuvenation: Combining Lasers, Light Sources, Energy-Based Treatments and Injectables
Mathew M. Avram, MD, JD

10:15am – 12:30pm
Workshop on Soft-Tissue Fillers and Botulinum Toxins

12:30pm – 12:55pm
A Comprehensive Update and New Indications for Botulinum Toxins
Rebecca Fitzgerald, MD

12:55pm – 1:20pm
Indications and Potential Complications for Soft-Tissue Augmentation: What You Need to Know**
Rebecca Fitzgerald, MD

1:20pm – 1:40pm
Special Focus on Periorbital Rejuvenation: Soft Tissue Filler Treatments
Brian S. Biesman, MD, FACS

1:40pm – 2:00pm
Refreshment Break

2:00pm – 3:30pm
Live Patient Demonstration: The Art of Neurotoxin Injections: Soft-Tissue Fillers and Botulinum Toxins
Brian S. Biesman, MD, FACS
Rebecca Fitzgerald, MD
Mathew M. Avram, MD, JD

3:30pm – 4:00pm
Ask the Experts: Questions and Discussion

4:00pm – 4:45pm
New and Innovative Applications for Laser and Light Sources
R. Rox Anderson, MD
Dieter Manstein, MD, PhD

4:45pm – 5:15pm
