

SIXTEENTH ANNUAL MEETING

Laser & Aesthetic Skin Therapy: What's the Truth?

OCTOBER 2-3, 2021 LIVE-STREAM

- Laser safety
- Pigmented lesions, rosacea, rhytides
- Tattoo removal
- Hair removal and transplantation
- Ablative and non-ablative fractional resurfacing
- Tissue tightening
- Lasers and ethnic skin
- Melasma
- Treatment of scars
- Acne and photodynamic therapy
- Non-invasive fat removal
- PRP treatments
- Threat lifts and cellulite
- Complications and legal issues in aesthetics
- Microneedling
- Social media and marketing tips
- Botulinum toxins and soft tissue fillers
- **HOT TOPICS!** #Lasers and Ask Me Anything: The Merits of Lasers, Light Sources, Energy-Based Devices and Injectables

Full agenda inside

PHYSICIANS INCLUDING DERMATOLOGISTS, PLASTIC SURGEONS, FACIAL PLASTICS AND OPHTHALMOLOGISTS CAN RELY ON THIS PROGRAM FOR THE LATEST ADVANCES AND TECHNIQUES IN LASER AND AESTHETIC SKIN THERAPY

EARN UP TO:

- 17.00 AMA PRA Category 1 Credits™
- 17.00 ABIM MOC Points
- 2.25 Risk Management Credits

The Latest Advances and Techniques in Laser and Aesthetic Skin Therapy

This program is offered via live-streaming. All content will be available on demand for convenient access until November 5, 2021.

Practical Information That You Can Use Now

Staying current with the rapid advances in laser and aesthetic skin therapy is an increasingly important challenge for physicians. Our patients' demand for such services has resulted in the need to be better educated and trained in safe and effective practices. At present, few non-industry-sponsored meetings exist for those who practice laser and aesthetic skin therapies. This highly rated course will emphasize new techniques and technologies, along with clinical endpoints and laser safety, while also critically evaluating current treatment practices—all free of commercial exhibits from industry.

You will leave this course with an understanding of new laser treatment paradigms and emerging technologies, and get a glimpse into the future of this cutting-edge field with exciting talks given by world-renowned experts. This will be a critical, well-informed, clinically relevant course that highlights proper patient evaluation and aesthetic techniques.

HIGHEST-RATED CME

This program has sold out in previous years due to limited seating, but the new virtual platform provides the opportunity for everyone to attend, as it eliminates the need to travel.

The following problems and techniques will be addressed:

- Aging skin
- Vascular lesions and rosacea
- Wrinkles
- Tattoos and pigmented lesions
- Acne and photodynamic therapy
- Laser hair stimulation
- Basal cell carcinoma
- Non-invasive fat removal
- Non-ablative fractional resurfacing
- Ablative fractional resurfacing
- Botulinum toxins
- Chemical peels
- Microneedling
- Soft tissue fillers
- Hair removal and transplantation
- Lasers and ethnic skin
- Complications and legal issues in aesthetics
- Treatment of scars
- What you will be using in the next five years

WHO SHOULD ATTEND?

- Dermatologists
- Plastic surgeons
- Ophthalmologists
- Facial plastics
- Physicians who practice or have an interest in laser and aesthetic skin therapies

Learning Objectives

At the end of this course, you will be able to:

- Identify safe practices of laser surgery therapy and its role in clinical practice.
- Evaluate potential complications and mistakes when using lasers for aesthetic procedures.
- Outline appropriate treatment modalities and duration of action required for laser and dermal filler injections that minimize complications and deliver optimal patient outcomes.
- Assess the risks and benefits involved in performing dermal filler injections.
- Analyze controversies in the field of laser surgery and aesthetic skin therapy.
- Summarize new and emerging technologies for laser surgery and aesthetic skin therapy treatment.

Registration

Laser & Aesthetic Skin Therapy: What's the Truth?	REGISTER ON OR BEFORE AUGUST 20, 2021	REGISTER AFTER AUGUST 20, 2021
Live-Stream Program	\$699	\$799

Fees are shown in USD. The course will be live-streamed. All presentations will be available for immediate viewing, at your convenience, through November 5, 2021. The program features real-time audience-response questions, live demonstrations and interactive Q&A sessions that allow you to post specific questions to our expert faculty. All live-stream sessions are eligible for *AMA PRA Category 1 Credits™* and ABIM MOC points, as well as other relevant CME credits.

PAYMENT, CONFIRMATION AND REFUND POLICY

You may register by credit card (Visa, MasterCard or American Express) using Harvard Medical School's secure online registration system. A processing fee of \$10 (USD) will be assessed per transaction. Upon receipt of your paid registration, an email confirmation from the HMS-GCE office will be sent to you. **Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation and certificate.** Refunds, less an administrative fee of \$75, will be issued for all cancellations received two weeks before the start of the course. Refund requests must be received by email. No refunds will be issued should cancellation occur less than two weeks before. "No shows" are subject to the full course fee, and no refunds will be issued once the conference has started.

INQUIRIES

By phone at 617-384-8600, Monday-Friday, 9 AM to 4 PM (ET), or by email at: ceprograms@hms.harvard.edu.

General Information

ACCREDITATION

The Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Harvard Medical School designates this live activity for a maximum of 17.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MAINTENANCE OF CERTIFICATION STATEMENT

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 17.00 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC points.

CANADIAN ACCREDITATION

The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

EUROPEAN ACCREDITATION

Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert *AMA PRA Category 1 Credits™* to an equivalent number of European CME Credits® (ECMECs®). Information on the process of converting *AMA PRA Category 1 Credits™* to ECMECs® can be found at: www.eaccme.eu.

REGISTER NOW: LaserSkinTherapyBoston.com

This course will emphasize new techniques and technologies while also critically evaluating current treatment practices—all free of commercial exhibits from industry.

RISK MANAGEMENT

This activity meets the criteria of the Massachusetts Board of Registration in Medicine for 2.25 credits of Risk Management Study. Please check your individual state licensing board requirements before claiming risk management credit(s).

DISCLOSURE POLICY

Harvard Medical School (HMS) adheres to all ACCME Accreditation Criteria and Policies. It is HMS's policy that those who have influenced the content of a CME activity (e.g., planners, faculty, authors, reviewers and others) disclose all relevant financial relationships with commercial entities so that HMS may identify and resolve any conflicts of interest prior to the activity. These disclosures will be provided in the activity materials along with disclosure of any commercial support received for the activity. Additionally, faculty members have been instructed to disclose any limitations of data and unlabeled or investigational uses of products during their presentations.

DISCLAIMER

CME activities accredited by Harvard Medical School are offered solely for educational purposes and do not constitute any form of certification of competency. Practitioners should always consult additional sources of information and exercise their best professional judgment before making clinical decisions of any kind.

LIVE-STREAMING EDUCATION FOR YOUR CONVENIENCE

All sessions will be live-streamed and include real-time audience-response questions, live demonstrations and interactive Q&A and discussion sessions with clinical experts.

Recordings of all live-streamed sessions are made available for immediate viewing online, at your convenience, through November 5, 2021.

Why You Should Attend

Practitioners from around the world attend this unique course to ensure they are current with state-of-the-art clinical practices and skills, including:

- Optimizing approaches for comprehensive rejuvenation
- Understanding the evolving concepts and treatment of scars
- Improving outcomes for site-specific rejuvenation
- Practicing laser safety for patient and provider
- Individualizing multifaceted approaches to integrating use of energy-based devices and injectables
- Understanding device-based treatment of fat and cellulite, as well as its complications
- Navigating complications and legal issues
